Re: City Council Order No. 3, dated June 7, 2010

Dear Sir:

As requested, I am responding to the Council Order regarding truck restrictions on Second Street and whether it is better to divert truck traffic to First Street.

The Cambridge Police Department has been in contact with the complainant and it appears the truck problem occurs between the hours of 4:00 a.m. and 6:00 a.m. The department's traffic unit has assigned enforcement for that time period to monitor the area. In addition, Andrea Boyer, Chief Licensing Investigator, was in contact with Waste Management and sent a letter to the disposal companies licensed in Cambridge to remind them of the street restrictions on Second Street and Third Street.

Lastly, there are signs posted on Second Street that "no trucks" are allowed between the hours of 11:00 p.m. to 6:00 a.m. and directing trucks to Land Boulevard or First Street. We will continue to periodically monitor truck traffic in and around Second Street.

If you require additional information please contact me.

Sincerely,

Robert C. Haas
Police Commissioner

Re: Street Restricted Use of Second Street and Third Street Cambridge MA

Please be advised that complaints have been received regarding use of Second Street and Third Street in Cambridge. Investigations based on said complaints have shown Disposal Company trucks have been utilizing Second Street as a possible connection route from Somerville into Cambridge. Street signage on Second Street states no trucks between 11:00p.m.-6:00 a.m. This restriction is also connected to the left or right hand turn from Msg. O'Brien Hwy. onto Gore Street to access Second Street. Also, there are no trucks allowed on Third Street.

This letter is being sent for the proper company representatives to inform your drivers to abide by the signage not only on the above mentioned streets, but throughout Cambridge.

If you have any questions please call me at (617) 349-6149.

Sincerely,

A handwritten signature in black ink, appearing to read 'Andrea M. Boyer'.

Andrea M. Boyer
Chief Licensing Investigator
